Understanding and Living our Faith in a Post-Christian World

FAITH EXPLAINED is a monthly series to answer the people's call for a better understanding of our faith in facing the challenges of the modern world. We will come to truly understand the dignity of each human and the love of our Father. Most importantly, we will strengthen our understanding of our faith. The format is a 45 minute presentation by Fr. Jose Antonio Caballero, Ph.D., with time allotted for questions and answers.

About the Speaker

Father Jose Antonio Caballero, "Fr. Tony," joined Our Lady of Guadalupe Parish in Helotes in 2014.

Father Tony spent nearly twenty years teaching at the university level in Rome. He has a Ph.D. in theology in addition to three Master's degrees, and has published many articles in various international journals. He is fluent in Spanish, English, French, German, and is also a scholar of Classical Greek, Latin and Biblical Hebrew.

Father Tony was ordained a priest in 1994. While he claims that his specialties are the Gospel of John and Revelation, he is well versed in many areas not only of theology, but also of philosophy, linguistics, and sacred scripture.

Despite his rigorous academic training, Fr. Tony is an extrovert who loves movies and follows all sports. He is delighted to meet and know all parishioners on a personal basis. Fr Tony's role model is Pope Francis, and like the Pope, he seeks to love and see God in each one of us.
